

It's your turn now...

Move to the head of the line – make a fast pass appointment!

TIP: For less separation anxiety, get a fast pass for repairs, upgrades and system maintenance!

Only at mac-o-rama **fast pass**

*Our new fast pass service allows you to have more control over when your computer service will take place. Make a fast pass appointment for **Priority Service!***

How the fast pass works:

1 Make an appointment. Call 626-7751 for a fast pass service appointment. Fast Pass appointments are offered at no additional charge, but must be scheduled a week or more in advance.

2 Drop off your equipment. Bring your system to Mac-O-Rama **between 10 AM and 11AM** on the day of the fast pass appointment (or the night before).

3 Pick up the same day. Your service will usually be complete by the end of the day. We will call you as soon as your equipment is ready for pick-up.

Great for installations of hard drives, optical drives, software, and more!

**Reduce your downtime...
Call 626-7751
to schedule your fast pass now!**

Fast pass appointments are subject to all of Mac-O-Rama's standard service policies and pricing. The minimum charge for in store service is \$99, and for on-site service the minimum charge is \$150.

Please see Service Rate Sheet and your service check-in tag for more information. Note: If you request a software or hardware upgrade, you are responsible for subsequent issues that may arise.
